

KHARITONOV NIKITA

DATA ENGINEER, DATA ANALYST

PROFESSIONAL EXPERIENCE

EPAM Systems Inc

Belgrade, Serbia

Data Integration Developer

Present

- This project is associated with a major company in the food industry
- Migrated on-premises solutions, including DB2, to a cloud-based environment utilizing Azure Data Lake and Snowflake
- Developed and maintained scalable data pipelines with Informatica and Azure Data Factory, focusing on efficient data extraction, transformation, and loading from diverse sources into the data warehouse
- Participated in the design and deployment of a data warehouse solution, leveraging Snowflake
- Designed, monitored, and orchestrated data processing and loading workflows using Stonebranch
- Created and maintained documentation for data models, processes and orchestration
- Automated the collection of metadata from all schemas in Snowflake by developing a script that enabled seamless integration of table information into Power BI report
- Actively engaged with clients to refine business requirements and translate them into comprehensive technical documentation

EPAM Systems Inc

Saratov, Russia

Data Analyst

06/2021 - 07/2022

- Developed models, modules, and dashboards in a cloud platform for financial and operational planning as well as process modeling - Anaplan
- Provided support and maintenance for Anaplan models and modules
- Gained basic experience with PostgreSQL by writing SQL queries to retrieve, filter, and sort data, as well as performing data aggregation functions to analyze datasets
- Edited reports using Tableau
- Collaborated closely with cross-functional teams (Finance, Planning, Development, Reporting)

Drive Click Bank ex.Setelem Bank

Saratov, Russia

driveclickbank.ru

Junior Data Analyst

12/2020 - 06/2021

- Performed SQL development activities such as the creation, modification, and removal of database tables based on project requirements
- Created and orchestrated jobs in Microsoft SQL Server
- Managed error handling processes
- Generated and updated reports and macros in Excel

Self-employed

Saratov, Russia

Junior Software Engineer

12/2019 - 12/2020

- Developed SQL skills through self-learning and practical application on various platforms, including freelance assignments
- Designed reports using PowerBI
